Description:

This prominent mid-terrace property extends to approx. 20,033 sq ft GIA and comprises three main sections which have previously been combined internally to create a single purposefully adapted open plan show room / workshop unit. The property is until recently was occupied by Super Bike Factory under Use Class E for retail purposes.

The original units were constructed and operated as a warehouse unit with a 2-storey extension erected to the side more recently. In January 2025 the property was refurbished entirely.

The ground and first floor elevation ha a curtain wall glazed frontage with a canopied feature entrance towards the centre of the building and a 'staff'/secondary access to the right-hand side. The showroom comprises the majority of the ground floor, which is predominately open plan, and has a clear working height of between 4-5m. At the rear of the unit, there are two ground floor electric roller shutter doors as well as a pedestrian access.

The first floor provides extensive office accommodation across the front as well as a front to back mezzanine level, also benefiting from an external roller shutter door which is accessible via a forklift from the yard.

A secure yard to the rear of approx. 0.14 acres allows for approx 18x dedicated car parking spaces (possibly more if double parked), with an additional extensive communal car parking at the front of the building.
