**Sustainable approach.**  
**Positive impact.**

We take a forward-thinking approach to minimise our impact on the environment, from design and construction through to operation. Working with leading sustainability consultants, Chancerygate embraces the latest technologies and methods to achieve future-proof solutions.

**Green initiatives at Audio Park include:**

- Solar PV panels on all units\*
- High performance insulated cladding and roof materials
- Highly efficient LED lighting
- Low air permeability design
- Electric vehicle charging points
- 15% warehouse roof lights increasing natural day light
- Landscaped communal areas enhancing biodiversity
- External wellbeing areas
- Cycle shelters
- Achieves water neutrality to protect wildlife
- Highly water efficient units with rainwater harvesting

\*Potential savings of up to £0.54 per sq ft per annum through use of PVs based on using current energy prices as of January 2025 and assuming 100% PV generation is used.
